Program Spotlight

CAPS Global Business is a class centered on the students finding their own pathway. Instructor Mrs. Katelyn Huber is a new addition to the FRCC staff but previously was the marketing teacher at WHS. She is there to assist them with communication, presentation, initiative in the business world.

The class's mission statement helps put the program into perspective. "Our mission as young business men and women is to develop new companies in our community by inspiring, educating, and innovating for professional success in a dynamic, global environment."

This course introduces students to the knowledge, attributes and skills entrepreneurs need to create and launch their own business concepts.

The cutting-edge thinkers of tomorrow will experience a unique and creative learning atmosphere conducive to business innovation.

CAPS Global Business allows students to frame learning opportunities as they research ideas, analyze market viability, create prototypes, and pitch their projects to actual business and community leaders.

CAPS Students Client Connect Projects with Exit 11, Downtown Washington, Washington Historical Society

Teacher Feature

Rob Schulze is the Auto Collision teacher at FRCC, he graduated from the program. While attending FRCC he was apart of the apprenticeship program. Schulze worked for Pro Body Works for 15 years. His wife, Melissa Schulze, teaches Language Arts at Washington High School. While teaching at FRCC Schulze has recognized, "everyone is an individual when it comes to learning". A fun fact about Schulze instead of cake on his birthday he enjoys lasagna!

NEWS NEWS NEWS

- CAPS created video for SDOW One Book One District
