

LINN STATE TECHNICAL COLLEGE

Linn State Technical College seeks to expand educational opportunities to students through advanced and professional technical education. The program specifics outlined below provide a baseline of courses available for articulated credit. Changes in program specifics may be made with the mutual assent between the designated secondary school and LSTC prior to the signing of this articulation agreement. Contact LSTC with required course changes.

Refer to LSTC Syllabi, program content, and course descriptions for detailed course learning objectives.

Articulation Credit Agreement of Understanding
